Differences Between Advanced Services Provided by the ILECs at Merger Closing Date and the Advanced Services Included in ASI/AADS Intrastate Tariffs

State	Advanced Services Provided by ILEC at Merger Closing Date	Advanced Services Included in Intrastate Tariffs of ASI or AADS	SBC Explanation of Difference
Texas	DSL Frame Relay Cell Relay VPOP-DAS	Frame Relay	SBC represented the following: <ul style="list-style-type: none"> • DSL is offered on an interstate basis pursuant to contract. • Cell Relay was offered under a generic high-speed services tariff, but was sold only under contract. ASI provides this service under contract. • VPOP-DAS is not offered on an intrastate basis.
Arkansas	DSL Frame Relay Cell Relay VPOP-DAS	Frame Relay	<ul style="list-style-type: none"> • DSL is offered on an interstate basis pursuant to contract. • Cell Relay was offered under a generic high-speed services tariff, but was sold only under contract. ASI provides this service under contract. • VPOP-DAS is not offered on an intrastate basis.
Missouri	DSL Frame Relay Cell Relay VPOP-DAS	Frame Relay	<ul style="list-style-type: none"> • DSL is offered on an interstate basis pursuant to contract. • Cell Relay was offered under a generic high-speed services tariff, but was sold only under contract. ASI provides this service under contract. • VPOP-DAS is not offered on an intrastate basis.
Oklahoma	DSL Frame Relay Cell Relay VPOP-DAS	Frame Relay	<ul style="list-style-type: none"> • DSL is offered on an interstate basis pursuant to contract. • Cell Relay was offered under a generic high-speed services tariff, but was sold only under contract. ASI provides this service under contract. • VPOP-DAS is not offered on an intrastate basis.
Kansas	DSL Frame Relay Cell Relay VPOP-DAS	Frame Relay	<ul style="list-style-type: none"> • DSL is offered on an interstate basis pursuant to contract. • Cell Relay was offered under a generic high-speed services tariff, but was sold only under contract. ASI provides this service under contract. • VPOP-DAS is not offered on an intrastate basis.

State	Advanced Services Provided by ILEC at Merger Closing Date	Advanced Services Included in Intrastate Tariffs of ASI or AADS	SBC Explanation of Difference
California	DSL Frame Relay Cell Relay VPOP-DAS	DSL Frame Relay Cell Relay	<ul style="list-style-type: none"> • VPOP-DAS is not offered on an intrastate basis.
Nevada	DSL Frame Relay Cell Relay	No ASI tariffs	<ul style="list-style-type: none"> • ASI is not required to file tariffs in Nevada.
Michigan	Frame Relay	No AADS tariffs	<ul style="list-style-type: none"> • AADS is not required to file tariffs in Michigan.
Wisconsin	Frame Relay	No AADS tariffs	<ul style="list-style-type: none"> • AADS is not required to file tariffs in Wisconsin.

Note: No differences were noted for Connecticut, Illinois, Indiana and Ohio.

Interconnection Agreement Amendment Summary

Texas

Amendment One: ASI amended its T2A Agreement to incorporate surrogate line sharing charges and a description and pricing of interim line sharing.

Amendment Two: ASI amended its T2A Agreement adding Appendix DSL and updating Appendix Pricing Schedules for DSL.

Amendment Three: ASI amended its T2A Agreement to include General Terms and Conditions Section 3.0, Appendix Service Bureau Provider Agreements and Appendix Virtual Collocation. Additionally, the amendment states that the CLEC and the ILEC agree that the agreed changes shall be considered portable under Paragraph 43 only if they otherwise qualify for portability under that Paragraph.

Amendment Four: ASI added the following to its T2A Agreement: discounted surrogate line sharing charges; Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution.

Oklahoma

Amendment One: ASI amended its Interconnection Agreement to include surrogate line sharing charges and a description and pricing of interim line sharing.

Amendment Two: ASI amended its Interconnection Agreement to replace the Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: ASI amended its Interconnection Agreement to replace the General Terms and Conditions with the 4/1/00 13-State Generic Interconnection Agreement, added Appendix Service Bureau Provider Arrangements and added Appendix Virtual Collocation.

Amendment Four: ASI amended its Interconnection Agreement to include the Appendix UNE Remand in Oklahoma.

Amendment Five: ASI amended its Interconnection Agreement to revise the General Terms and Conditions and add the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution.

Kansas

Amendment One: ASI amended its K2A Agreement adding Merger Conditions 2-9 and Appendix Service Bureau Provider Arrangements to the Agreement.

Amendment Two: ASI amended its K2A Agreement adding the Kansas Commission approved Optional UNE Remand Amendment.

Amendment Three: ASI amended its K2A Agreement adding the discounted UNE rates as ordered by CC Docket No. 00-217.

Arkansas

Amendment One: ASI amended its Interconnection Agreement to incorporate surrogate line sharing charges and a description and pricing of interim line sharing.

Amendment Two: ASI amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: ASI amended its Interconnection Agreement to replace the General Terms and Conditions with the 13-State Generic Interconnection Agreement, added Appendix Service Bureau Provider Arrangements and added Appendix Virtual Collocation.

Amendment Four: ASI amended its Interconnection Agreement to include the Appendix UNE Remand in Arkansas.

Amendment Five: ASI amended its Interconnection Agreement to include an optional termination date of November 30, 2000, which represents the date Covad's arbitrated rates were expected to become effective. Additionally, the amendment includes the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution.

Missouri

Amendment One: ASI amended its Interconnection Agreement to incorporate surrogate line sharing charges and a description and pricing of interim line sharing.

Amendment Two: ASI amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: ASI amended its Interconnection Agreement to replace the General Terms and Conditions with the 13-State Generic Interconnection Agreement, added Appendix Service Bureau Provider Arrangements and added Appendix Virtual Collocation.

Amendment Four: ASI amended its Interconnection Agreement to include the Appendix UNE Remand in Missouri.

Amendment Five: ASI amended its Interconnection Agreement to include an optional termination date of November 30, 2000, which represents the date Covad's arbitrated rates were expected to become effective. Additionally the amendment includes the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution.

California

Amendment One: ASI amended its Interconnection Agreement to remove the applicability of other rates, terms and conditions language on every appendix in the Agreement except for the general terms and conditions.

Amendment Two: ASI amended its Interconnection Agreement to replace the General Terms and Conditions with the 13-State Generic Interconnection Agreement, adding Appendix Service Bureau Provider Arrangements, adding Appendix Virtual Collocation, adding Appendix Pricing which includes Loop De-Averaging Language and replacing existing UNE prices on pricing schedules as ordered in the Open Access Network Architecture Development decision.

Amendment Three: ASI amended its Interconnection Agreement to include Appendix DSL.

Amendment Four: ASI amended its Interconnection Agreement with Pacific Bell to include the Appendix UNE Remand in California.

Amendment Five: ASI amended its Interconnection Agreement to include an optional termination date of November 30, 2000, which represents the date Covad's arbitrated rates were expected to become effective. Additionally, the amendment includes the following FCC Merger Conditions: Advanced Services OSS Discounts;

Loop Conditioning Charges; OSS Change Management; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution. Additionally, the general terms and conditions were revised.

Nevada

Amendment One: ASI amended its Interconnection Agreement to incorporate surrogate line sharing charges and a description and pricing of interim line sharing.

Amendment Two: ASI amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: ASI amended its Interconnection Agreement to replace the General Terms and Conditions with the 13-State Generic Interconnection Agreement, added Appendix Service Bureau Provider Arrangements and added Appendix Virtual Collocation.

Amendment Four: ASI amended its Interconnection Agreement to include the following FCC Merger Conditions: Discounted Surrogate Line Sharing Charges; Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution.

Connecticut

Amendment One: ASI amended its Interconnection Agreement to incorporate surrogate line sharing charges and a description and pricing of interim line sharing.

Amendment Two: ASI amended its Interconnection Agreement to replace the General Terms and Conditions with the 13-State Generic Interconnection Agreement, added Appendix Service Bureau Provider Arrangements and added Appendix Virtual Collocation.

Amendment Three: ASI amended its Interconnection Agreement to include the Appendix UNE Remand.

Amendment Four: ASI amended its Interconnection Agreement to include an optional termination date of November 30, 2000, which represents the date Covad's arbitrated rates were expected to become effective. Additionally, the amendment includes the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management; OSS Elimination of certain flat-rate monthly charges; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; and Alternate Dispute Resolution. Additionally, the general terms and conditions were revised.

Michigan

Amendment One: AADS amended its Interconnection Agreement to comply with the Anti-Slamming Procedures specified in the Commission's January 10, 2000 Order in Case No. U-11900.

Amendment Two: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: AADS amended its Interconnection Agreement to add Appendix Service Bureau Provider Arrangements to its Agreements.

Amendment Four: AADS amended its Interconnection Agreement to add the Appendix UNE Remand in Michigan.

Amendment Five: AADS amended its Interconnection Agreement changing the following Merger Amendments: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional UNE Platform; Alternate Dispute Resolution; and Shared Transport.

Amendment Six: AADS amended its Interconnection Agreement to reflect the new rates in accordance with Commission Case No. U-11831.

Wisconsin

Amendment One: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Two: AADS amended its Interconnection Agreement to add Appendix Service Bureau Provider Arrangements to its Agreements.

Amendment Three: AADS amended its Interconnection Agreement to add the Appendix UNE Remand in Wisconsin.

Amendment Four: AADS amended its Interconnection Agreement to include the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional UNE Platform; Alternate Dispute Resolution; and Shared Transport.

Ohio

Amendment One: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Two: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: This amendment corrects the Collocation Exhibit PS-VII Physical Collocation – Ohio Pricing for the Power Delivery/per Power Lead Non-recurring rate from \$853.37 to \$1853.37.

Amendment Four: AADS amended its Interconnection Agreement to add the Appendix UNE Remand in Ohio.

Amendment Five: AADS amended its Interconnection Agreement to include the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; Alternate Dispute Resolution; Unbundled Local Switching with Interim Shared Transport; Promotional Payment Plan for Resale-Residential Services; Promotional Payment Plan for Unbundled Network Elements-Residential Services; and Promotional Collocation Provisions.

Illinois

Amendment One: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Two: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: AADS amended its Interconnection Agreement to add the Appendix UNE Remand in Illinois.

Amendment Four: AADS amended its Interconnection Agreement to include the following FCC Merger Conditions: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional Discounts on end-to-end UNE Combinations used for Residential Services; Alternate Dispute Resolution; Unbundled Local Switching with Interim Shared Transport; Promotional Payment Plan for Unbundled Network Elements-Residential Services; and Promotional Payment Plan for Resale-Residential Services.

Amendment (not numbered): AADS amended its Interconnection Agreement to correct the column heading for Interoffice Transmission Facilities DS1 in the pricing schedule of its Agreement.

Indiana

Amendment One: AADS amended its Interconnection Agreement to include the following definitions in Schedule 1.2: DSL, Preparation Charges and Unused Space. The pricing schedule was also amended adding prices contained in Exhibit A.

Amendment Two: AADS amended its Interconnection Agreement to replace Appendix DSL and update Appendix Pricing Schedules for DSL.

Amendment Three: AADS amended its Interconnection Agreement to add Appendix Service Provider.

Amendment Four: AADS amended its Interconnection Agreement to add the Appendix UNE Remand in Indiana.

Amendment Five: AADS amended its Interconnection Agreement changing the following Merger Amendments: Advanced Services OSS Discounts; Loop Conditioning Charges; OSS Change Management Process; Promotional Discounts on Unbundled Local Loops used for Residential Services; Promotional Discounts on Resale; Promotional UNE Platform; Alternate Dispute Resolution; and Shared Transport.
